That will work for me. Why don't you call me at the office number below when you're free.

Thanks.

Good afternoon Patrick,

I'm in a meeting and training solid Mon-Wed.

Any other times work for you?

Raji,

Thank you and I'll plan on calling you Tuesday between 11:30-1pm.

Adam,

Please let me know what time you might have available for an introductory call either Monday or Tuesday.

Thanks.

Patrick

Thanks for the information and noted that you and James Kendrick will be attending. I am copying Adam Adams on this since he may be the better person to discuss site history and data since he has been involved with the emergency response and removal actions at the site thus far. You can work out a time with him to discuss.

If you would like to discuss the site with me on Tuesday, I will be in an all day monthly RPM meeting and should have a break 11:30 – 1 pm so that time will work. However, please let me know an alternate time if that does not and I can step out for the call.

Thanks.

Raji,

Thank you for the information.

I would like to have a brief call early next week to discuss the site and site data. Please let me know if you have some time available on Tuesday for a brief call.

Attending the meeting will be myself and James Kendrick.

Thanks.

Thanks Patrick.

Including everyone on the previous email list so everyone is on the same page regarding the technical meeting details. Below is the agenda for the technical meeting on April 5th. Apart from you, we will have the EPA's On Scene Coordinator (Adam Adams), EPA's Remedial Project Manager (Raji Josiam), EPA's Human Health Risk Assessor (Dipanjana Bhattacharya), EPA's Ecological Risk Assessor (Kenneth Shewmake), TCEQ's Project Manager (Lam Tram), and

Eric Pastor and his risk assessors will attend this meeting which will be in the EPA's office in Dallas in the 8th floor conference room. Please plan to arrive 10-15 min early and go to the 7th floor of the building and sign-in. Either Adam or I will come to receive you and take you to the meeting. Please let us know if anyone else will be attending. If you have questions please feel free to contact me. Thanks.

Thanks, Connie.

What I would suggest is just to have Patrick contact Raji (Her phone number is 214-665-8529. Her e-mail is Josiam.raji@epa.gov) and make arrangements for the technical meeting.

Ed:

I think you and Chintan may have a disconnect here. You are talking about the April 17th new PRP informational meeting. Chintan is talking about Bayer's new technical guy attending the April 5th Technical meeting. Lots going on.

Hope this helps,

Connie

Hi Chintan,

The EPA RPM is Raji Josiam. .

The meeting is scheduled for April 17th. I need to check with Paul Sarahan on the availability of his law firm's office in Dallas to see if we can hold the meeting there. If so, we hope to use their video conferencing capabilities for a live video feed at their Houston office for those in Houston who'd like to participate without having to drive to Dallas. We also hope to have a conference line for anyone else who can't make either the Dallas or Houston venue but would still like to attend the meeting by phone. Otherwise, we'll have it at the EPA offices in Dallas, but won't be able to use the video conferencing. As soon as I get the details, I'll let you, Patrick and Bob know. I'm shooting for a 1 p.m. meeting if possible.

Subject: US Oil Recovery

Ed, Connie and Mary:

Bob won't be able to attend the April 5 meeting in Dallas. However, we have hired NewFields LLC as our environmental consultant for the site. Patrick Gobb of New Fields LLC will be attending the meeting in place of Bob. Patrick is copied on this email.

Can you please forward to Patrick (copying me) contact information for the EPA Remedial Project Manager and Eric Pastor? He may call to get some bearings on the site, as he's getting up to speed. Also, can you send to him the logistical information for the meeting (i.e., time and place).

Thanks for your help in this matter.

Best regards,

Chintan Amin
Sr. Counsel
